

Reading

-  Read with your child, daily if possible, and comment in their reading record.
-  This time could include activities to support the reading such as drawing a picture about the book or talking about what might happen next.
-  It could be a book from the library, non-fiction book or comic - 'all reading is good reading'.

Maths or English Homework

-  This should take half an hour maximum per week.
-  Feel free to comment on whether your child needed support or anything else you think we would like to know.
-  Please ensure they complete it as independently as possible and it is presented neatly in a writing pencil.
-  Encourage your child to use the sounds they know in any writing.

Spellings

-  Help your child to practise their spellings regularly over the week.
-  They will be tested on Tuesday and will receive a certificate for doing well.

Education City

-  Complete the homework activity set each week.
-  Feel free to allow your child to access the site at any other time to try other activities.

Homework books are given out on a Wednesday. Spelling books will also be sent home on Wednesday so you can see how your child did in their spelling test.
Please return homework and spelling books to school on Monday.

Your child's Lexia log in details will be attached here soon.

Your child's Purple Mash log in details will be attached here soon.

Purple Mash is another good educational website for the children to access to support their learning in class.
