

## Queeny Queeny Who's Got The Ball

Someone is chosen to be the Queen. The rest of the children stand in a line behind them at the opposite side of the place where they are playing.

The Queen stands with her back to everyone else and throws the ball over her shoulder without looking behind her.

One child catches the ball but all children have hands behind their backs.

They all say

Queeny Queeny Who's Got The Ball Are they small or are they tall, Queeny queeny who's got the ball?

Queeny has 3 guesses who has the ball. If the queen guesses right, the person with the ball is the next queen.
