

## In and out the dusty bluebells

### Instructions:

The children are to hold hands in a circle and raise their arms upwards to make windows and arches. Then one child is chose to wind their way in and out of the windows around the circle.

On the words 'tappity tappity' the child taps the shoulder of the person who is nearest to them and they join hands and continue through the windows together.

The game continues in this way until there is one person left, they can make a bridge against the wall, so that everyone can fit underneath. The last person left starts the new game.
