Head Teacher – Mrs Janis Williams

21st November 2023

Dear Parents/Carers,

As part of the work we do to help children keep themselves safe, within our curriculum offer, we have organised for Years 5 and 6 to complete Level 1 Bikeability training.

Each year group is allocated a specific day, children will work in small groups. The dates for the training are:

- Year 6: Tuesday 9th January 2024
- Year 5: Wednesday 10th January 2024

Please see attached letter providing you with further information and website links should you have any questions. Also attached is a consent form, which will need to be completed and returned to school if you would like your child to take part.

Yours sincerely

Janis Williams

LEVEL 1 BIKEABILITY TRAINING

Dear Parent/Guardian

I am delighted that your child will be taking part in Stockton-on-Tees Borough Council's Bikeability Level 1 cycle training course, which is delivered by Middlesbrough Environment City on their behalf..

Bikeability is the Cycling Proficiency Test for the 21st century, designed to give the next generation of children the skills and confidence to ride their bikes on today's roads. To get their Bikeability award, children will be instructed on how to ride their bikes to the Government-approved National Standard for Cycle Training, which sets out the training and skills essential for making cycling trips in today's road conditions.

Please note that this training is aimed at children who are already able to ride a bike.

Level 1 cycle training is covered in a traffic free environment. By completing Level 1, your child will be able to demonstrate the skills and understanding to be able to make a trip and undertake activities safely in a motor traffic free environment and as a pre-requisite to a road trip.

Please ensure that your child attends the training with a well maintained cycle with two working breaks, and a cycle helmet (helmets can be provided if required).

Bikeability is not just about teaching children to ride a bike and equipping them with the necessary skills and knowledge needed to ride a bike safely throughout the rest of their life. It's also about introducing them to cycling as an everyday activity – an alternative mode of transport, an enjoyable pastime, which brings a healthier lifestyle and ultimately lots of fun.

Finally, we would like to welcome your child onto the course.

For further information about Bikeability please do not hesitate to contact me. You can also visit the Bikeability website – www.bikeability.org.uk

Yours faithfully,

Margaret Tonkin
Partnership Liaison Officer
